

In The Legislature

By G. E. Bell M.L.A.

Alberta car licences this year will be \$1.00 higher. This money will go into a fund which will provide a source of assistance in cases of accidents where the one liable has no funds to pay for damages awarded. Free hospitalization will be provided to people who sustain injuries as a result of car accidents. The effect of changes in regulations will mean that, to protect their own interests, people will be well advised to carry automobile insurance. The Act does not say that car operators must have insurance, but if any one is operating a car without insurance, and has an accident, he will lose his driver's licence. Motorists may secure the insurance anywhere they like. The Alberta Government Insurance Office will begin writing sickness and accidents insurance, as well as automobile insurance.

A Bill to professionalize graduates from the Faculty of Agriculture has been passed. This will mean that people such as District Agriculturists will now be members of a profession known as agronomists.

A change in the Livestock Diseases Act deals with Bangs' disease. It permits any buyer of cattle 10 days in which to discover whether the animals have Bangs' disease. If the purchased animals have the disease, the buyer has 14 days to return the animals and get his money back. It is hoped that this legislation will help to check the spread of Bangs' disease and undulant

fever.

There will be a number of minor changes in the Election Act. One of the more important changes is that figures only will be used in marking ballots in provincial elections. The voter will mark his first choice with the figure "1", his second choice with the figure "2", etc. Any ballot marked with an "X" will be considered a spoiled ballot.

There are some changes in the Mineral Taxation Act which affect any landowners who today own the mineral rights on their land. It is my advice to these people who own the mineral rights, that they should send particulars regarding the ownership of these mineral rights to the Department of Lands and Mines. It is in the interest of the land-owners that this be done.

As we have reached the close of the Session, this will be the last weekly newsletter giving highlights of what has taken place during the recent Session. I wish to take this opportunity of expressing my sincere thanks to the editor of this paper for his kindness in bringing this information to the public. I will be glad to have any comments from interested readers regarding these matters.

WILL THEY GROW HERE?

In the magazines and newspapers one reads of lots of beautiful flowers, shrubs and even vegetables that may not grow well in many parts of Canada. These things were developed for the Southern States or England where the climate is milder or the growing season longer.

One wastes money, time and work in trying them here. Our climate, soil and other conditions are not suitable just as their conditions are not suitable for certain things that thrive abundantly here. To guard against the discouraging efforts to produce these tender plants here one is advised to stick to those flowers, shrubs and vegetables that are specially recommended for Canadian conditions. The latter are the varieties and types listed in the Canadian seed catalogues. These have been tested under Canadian conditions and they are the only ones recommended by the Canadian authorities.

Mother Meets Son After 23 Yrs.

Winnipeg, February.... The miracle of mother meeting son after 23 years absence took place on the Canadian National Railways west bound train that passes through Winnipeg, recently.

The mother, now Mrs. Edna Galloway was bound for Edmonton, when she occupied lower 6, car, 157, at Pembroke, Ontario.

The son of former marriage, Gilbert William Carroll, stoker petty-officer of the Royal Canadian Navy, was en route from Halifax to Esquimaux, and occupied lower 5, car, 157.

Speaking to the lady in lower 6 as he would to a chance acquaintance he discovered that they had mutual friends - then it wasn't long before he asked the key question - did she know a Mrs. Edna Hanson?

His mother, it turned out, was Edna Hanson - after being Mrs. Carroll and

before being Mrs. Galloway. When he discovered that he was talking to his mother, P.O. Carroll was "wondering if I'm dreaming or alive."

His mother explained that her son Gilbert was left in his father's care before he was a year old, that she had heard of a certain Carroll lost with the H.M.C.S. "Iroquois" during the war, and mistook him for her son.

To every mile of the 20,551 miles of main line, siding and yard tracks in the Canadian National Railways in Canada, there are 2,856 ties, or a total of 87,269,461.

A DESPATCH FROM BRUSSELS states that at least 75% of Belgium's wheat crop has been destroyed by this winter's frosts. Belgium's purchasing missions in Argentina, Canada and the United States have received urgent calls for more seed.

Winnipeg Free Press on Freight Rates

The application of the railway companies for a thirty percent increase in freight rates has aroused a great deal of controversy and much opposition on the part of the public as a whole. This is particularly true of Western Canada where freight rates have borne heavily upon the west's economy. The Winnipeg Free Press, in a recent editorial, set forth the position of the prairie provinces in relation to freight rates in a particularly clear and convincing manner. The article presents the basic facts in so concise a way that the widest possible publicity should be given to the statement. Hence we quote the article in full:

"In considering the railways' application for a 30 percent increase in freight rates, the west will do well to have in mind the essential facts regarding the rate structure of this country. This structure has been built up over a period of forty years by successive judgements of the Railway Commission or, as it is termed today, the Transport Commission.

"There are three separate and distinct scales of rates. They are: eastern rates, prairie rates, and British Columbia or mountain rates.

"In the first major case to be dealt with by the Railway Commission, the International rates case of 1935, the eastern rates scale was created by blanket competitive charges by water and U. S. railways over the central provinces. It makes no difference if you are a shipper at an inland point of Ontario, the rate you pay is the competitive rate. You may be within 100 miles of water, but the benefit of the water rate is yours.

"The prairie scale of rates originally was some 40 percent higher than the eastern scale, and the British Columbia scale in turn some 100 percent higher than that of the prairie.

"It is needless, at the moment, to follow in detail the long struggle of the west to obtain justice in freight rates. This will be done in due course. It is sufficient to say that as a result of unceasing protests over forty years, several administrations, a measure of relief has been obtained. Today, the prairie scale is but some 15 percent higher than the east and British Columbia some 15 percent above the prairie.

"A point never to be forgotten is that freight rates in the west are effective. They are charged and they are paid. Rates in the east are often paper rates. The railways are free to meet competition from any quarter and on their own testimony they do so. But on the official basis of rates as they appear in the railway tariffs, the prairie west is discriminated against to the extent of 15 percent.

"In the view of the railways, all rate tariffs should be raised at once by 30 percent. If this application were to be granted there would be no reason whatsoever to assume that the bulk of the effective rates in the east would be advanced a jot. On paper, yes; in fact, almost certainly, no. And even if they were, the explanation would be that competitive transportation services are temporarily not available. The return of normal conditions, a few months or perhaps a year hence, would see the eastern

rates back to where they were. In the west, however, the opposite would be true. Nature did not endow the prairies with navigable waterways. The chief low-cost competitor of the railways is absent on the prairies and must always be so. Therefore, an increase in rates in the west will be one hundred percent effective from the day it is authorized.

"On the basis of a flat percentage increase in the official rates east and west, consider what would happen. A rate of \$1 in the east or \$1.15 on the prairies would become \$1.35 in the east and \$1.49 in the west. The actual spread — apart from percentages — would be increased. Hard won ground in the west's long fight for relief from unjust and crippling freight

rate charges would be lost. Indeed, the real effect on the west would be more unfair than the official rate tariffs would indicate. Eastern rates, almost certainly, would not rise at all. If they did so temporarily, the rise would not be anything like 30 percent. Actually after the 30 percent had been added to western rate, we would be right back where we began at the turn of the century.

"Perhaps it is putting it crudely, but the truth of the matter is that this application, although in a new form, is no more than a reversion to the railways to the old order—seek the west. From the standpoint of the railways this is where the money is to be had. And unless western Canada acts resolutely and unitedly the railways may well succeed in getting it. As will be shown on a later occasion, there is nothing in the record of the Transport Commission to warrant a belief that it offers any great obstacle to such an outcome."

STANDARD NEWS

By Mrs. R. G.

Mr. and Mrs. Chris Thompson and Mr. Andrew Thompson arrived home this week from their vacation in Denmark.

Last Friday evening, March 28, the community gathered in the Community Hall to honor Mr. and Mrs. O. D. Christensen, who are celebrating their Twenty-fifth Wedding Anniversary. At 7 o'clock everyone sat down to a

delicious hot supper, served by the committee in charge. A short program was then enjoyed, after which Mr. Carl Hansen in a few well chosen words presented the couple with a lovely dinner set. Both Mr. and Mrs. Christensen thanked their many friends for the lovely gift and the memorable evening. Two of their three sons were home for the occasion.

The latter half of the evening was spent in dancing to the strains of Hughes Orchestra.

AUCTION SALE

Having received instructions from Mr. L. SAAK, of Strathmore, who is retiring from farming, I will sell the following by Public Auction at the Farm which is situated Sec. 22-23-20 W4, being 8 Miles North and 4 Miles East of Cluny, on

Thursday, April 10, 1947

Commencing at 11 A. M. Sharp

Under The Street Lamp

by PAT O'HOLEY

"I've no money on me," said the man to the bully who had waylaid him in the dark lane, "and my watch has only a sentimental value."

"Hand it over," said the tough. "I feel like a good cry, anyway."

Chic Brown: "To what do you attribute your success?"

Frank Peebles: "Well, I'm trying to make an honest living, and there's very little competition."

Don Milligan: "Dad, what's meant by a man attending a convention as a delegate-at-large?"

—Bob: "It means that his wife didn't go along with him."

If you're interested in digging up some buried treasures, plant the vegetable seeds now in your own back yard.

Gerry Colpoys says that a boarding house is a place where hot water comes out of a cold tap and cold water comes out of the hot tap, and nobody ever comes out of the bathroom.

Eidon Bonitz wonders if exercise removes fat, how come so many women have double chins?

The tired business man arrived home. The cook had left that morning without giving notice. The man-let had been depressed all day and now he found a farewell note from his wife. He knew that a shot would end all his troubles. So he opened a bottle and took one.

And as Charles Coles said the other night, "She used to be private secretary, but she's on her last lap now."

A soldier of fortune named Spectorsky joined the Foreign Legion and, to toughen him up, the head man at Casablanca sent him on a thousand-mile trek through the Sahara desert.

The fourth day out the valiant Spectorsky spied a wooden tower in the distance. For a while he thought it was a mirage, but no. As he drew closer, he saw that it was real.

On top of the tower lolled a stoutish gent, reading a magazine. He was dressed in a striped bathing suit with the words "Life Guard" emblazoned across his manly chest.

"What are you doing 'life guarding' in the middle of the Sahara?" called Spectorsky in his best Riff dialect. "Don't you know that it's at least a thousand miles to the nearest water?"

"Sure I know," said the life guard. "But isn't this one wonderful beach?"

Christian Science

Christian Science churches on Sunday will have a Lesson-Sermon on "Unreality." It is composed of passages like these: "As ye have therefore received Christ Jesus the Lord, so walk ye in him," (Colossians 2:6). "We walk in the footsteps of Truth and Love by following the example of our Master in the understanding of divine metaphysics," (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 192).

Information furnished by Harold T. Logan, Christian Science Committee on Publication, 11231 - 95A Street, Edmonton.

According to data from official government records the sale of livestock and meat animals represents the largest single source of cash income for farmers both Canada and the United States.

The breakdown of the sources of the farmer's dollar in Alberta is as follows: Livestock and meat animals, 39.3 percent. Food grains, 32.8 percent. Dairy products, 7.0 percent. Feed grains, inc. hay, 11.7 percent. Eggs and poultry, 5 percent. Vegetable and field crops, 1.8. Fruits nil. Miscellaneous, 2.4 percent.

IMPORTANT GOVERNMENT NOTICE

Respecting Price Control

The following is a convenient summary of Board Order No. 711—published for the guidance and protection of Canadian consumers. It does not give the full legal text. For full details of the law reference should be made to the Order.

- Bread, bread rolls, and bakery products.
- Biscuits, except those completely covered with chocolate.
- Processed cereals, cooked or uncooked, including breakfast cereals, macaroni, vermicelli, spaghetti, noodles and other alimentary paste products.
- Rice, excepting wild rice.
- Pot and pearl barley.
- Shelled corn, but not including popping corn.
- Dried peas, soy beans, dried beans except lima beans and red kidney beans.
- Starch.
- Sugar, sugar cane syrup, corn syrups, grape sugar, glucose.
- Edible molasses.
- Honey.
- Tea, coffee, coffee concentrates.
- Malt, malt extract, malt syrup.
- Black pepper and white pepper, and substitutes containing black or white pepper.
- Butter.
- Cacao.
- Cheddar cheese, processed cheese and cream cheese.
- Concentrated milk products of all kinds.
- Ice cream.
- Salad and cooking oils.
- Salt.
- Fresh apples — 1946 crop.
- Raisins, currants, prunes, dried dates, dehydrated apples.
- Tomatoes, tomato sauce, tomato paste, tomato pulp, tomato puree, tomato catsup, chili sauce, when in hermetically sealed cans or glass.
- Canned pork and beans, canned spaghetti and canned soups.
- Canned corn, canned peas, canned beans excluding the lima and red kidney varieties.
- Fruits and vegetables in the two preceding items when frozen and sold in consumer size packages.
- Jams, jellies, marmalades.
- Meat and meat products, not including game, pet foods, and certain varieties of cooked and canned meats.
- Sausage casings, animal and artificial.
- Live, dressed and canned poultry (but not including turkeys, geese or ducks, live, dressed or processed; poultry spread, poultry steaks and poultry in pastry or pie crust).
- Canned salmon, canned sea trout, canned pilchard of the 1946 or earlier packs.
- Edible animal and vegetable fats including lards and shortenings.

CLOTHING

- Men's, youths' and boys' coats, jackets and wind-

breakers made wholly or chiefly of leather.

- Men's, youths' and boys' suits or pants made wholly or chiefly of cotton or rayon.
- Men's, youths' and boys' furnishings, as follows: blouses; collars; pyjamas; nightshirts; underwear; other than that made wholly of wool; dressing gowns, other than those made wholly of all-wool fabric; shirts, including sport shirts other than those made wholly of all-wool fabric.
- Women's, misses', girls', children's and infants' garments of all kinds (but not including—(a) garments made wholly of all-wool fabric, (b) raincoats, or (c) jackets and windbreakers, except when made wholly or chiefly of leather).
- Women's, misses', girls' and children's accessories as follows: dummies, bibs, halters, neckwear, collars, cuffs and aprons.
- Knitted wear for either sex as follows: undergarments, other than those made wholly of wool; circular knit hosiery of cotton or rayon.
- Work clothing, including aprons for either sex, when made wholly or chiefly of cotton or leather.
- Uniforms for either sex.
- Gloves, gauntlets and mitts for either sex when made wholly or chiefly of cotton or leather, except those designed as specialized sports equipment or for specialized industrial uses.
- Brassieres; foundation garments, but not including surgical corsets.
- Diapers and diaper supports.

HOUSEHOLD AND OTHER TEXTILES

- Textile products as follows, when made wholly or chiefly of cotton or rayon: bath mats, bedspreads, blankets, except heretofore made wholly of cotton or rayon; curtains, dish cloths, dish towels, drapes, face cloths, luncheon sets, topkins, pillow cases, sheets, slince cloths, table cloths, throw-overs, toilet seat covers, towels, wash cloths, window blinds, window shades.
- Floor rugs and mats chiefly of cotton.

DOMESTIC FUELS

- Coal, coke and briquettes, until April 16th, 1947.

HOUSEHOLD EQUIPMENT AND SUPPLIES

- Furnaces, fire-place heaters and other heating equipment except portable electric heaters.
- Jacket heaters and other water heating equipment.
- Soap and soap compounds.

MOTOR VEHICLE ACCESSORIES

- Pneumatic tires and tubes when sold for the purpose of or as original equipment on agricultural machinery.

CONSTRUCTION PRODUCTS

- Lumber of all kinds.
- Millwork such as doors, sashes, windows, stairs and gates.
- Plywood and veneers.
- Pre-cut lumber products designed for use in residential or farm buildings, but not including fully pre-fabricated buildings.
- Gypsum board and gypsum lath.
- Wallboards and building materials.
- Cast iron soil pipe and fittings.
- Nails.

AGRICULTURAL MACHINERY, IMPLEMENTS, EQUIPMENT AND SUPPLIES

- Practically all items of farm machinery, including planting, seeding and fertilizing equipment, plows, harrows, implements and cultivators, haying machinery, harvesting machinery, tractors, wagons, dairy machines and equipment, sprayers and dusters.
- Articles of barn and barnyard equipment.
- Incubators, brooders, poultry feeding and watering equipment.
- Stationary gas engines.
- Harness and harness hardware.
- Barbed wire and other fencing wire and fences.
- Binder twine.
- Wheelbarrows.
- Seeds and feed products of all kinds except horse meat, pet foods, straw, clam shell and poultry grit.
- Fertilizers of all kinds, but not including humus, manure, sphagnum moss or peat moss.
- Gopher poisons.
- Steel beams and steel piers.
- Grains as follows: wheat, barley; oats; flaxseed; buckwheat; rapeseed; sunflower seed; grain screenings.

RAW AND PROCESSED MATERIALS

- Basic iron and steel products and alloys, including pig iron, cast iron, scrap, ingots, bars, plate, rods and wire.
- Primary, secondary and fabricated mill forms of the following non-ferrous metals and their alloys: copper, lead, tin and zinc.
- All fats and oils, including Vitamin A oils, of animal, vegetable or marine origin but not including refined medicinal cod liver oil.
- Glue stock, glues and adhesives of animal origin.
- Stems.
- Fibres, raw or processed, as follows: cotton, hemp, jute, sisal, all synthetic fibres and filaments excepting glass.
- Yarns and threads of, or containing any of the fibres listed above.
- Fabrics, over 12 inches in width whether knitted or woven of, or containing any of the yarns and threads referred to above.

- Sewing, embroidery and crochet yarns, threads and floss of any of the yarns and threads referred to above.
- Bobbinet, dress and curtain nets and netting.
- Elastic yarns, fabrics and webbing.
- Hides and skins from animals of a type ordinarily processed for use as a leather.
- Leathers and synthetic leathers of all kinds.
- Sheepskin shearlings, tanned, but not further processed than combed or sheared and coloured on the flesh side.

PULP AND PAPER

- Wastepaper.
- Wood pulp, except (a) dissolving grades, (b) "alpha" grades of bleached sulphate, (c) "Duracel", (d) groundwood and unbleached sulphate grades sold for the manufacture of newspaper or hanging paper.
- Newspaper paper except when sold by manufacturers thereof.
- Paper board used in the manufacture of solid fibre or corrugated shipping cases.
- Bookboard grades of paper board, except for wrapping newspaper paper or making newspaper cores.

CONTAINERS AND PACKAGING MATERIALS

- Containers, packaging and wrapping devices of a type used for the sale or shipment of products, when made from a textile fabric and including bags, cases, envelopes, folders and sacks.

SERVICES

- Transportation of goods and services associated therewith.
- Warehousing; dry storage of general merchandise and household goods other than waste; cold storage, including rental of lockers and ancillary services such as processing charges in cold storage plants.
- Supplying of meals or refreshments for consumption on the seller's premises, the supplying of beverages (except alcoholic beverages) by purveyors of meals or refreshments; the supplying of meals with sleeping accommodation for a combined charge, but not including the supplying of meals, refreshments or sleeping accommodation by an employer to his employees, directly or through a servant or agent.
- The packing or packing up or any other manufacturing process in respect of any goods subject to maximum prices, when performed on a custom or commission basis.

USED GOODS

- Used bags and used bagging and baling material.

Any material shown above processed for incorporation into, or any fabricated component part of any of the above goods is subject to maximum prices.

Also any set which contains an article referred to above is subject to maximum prices even though the remainder of the set consists of articles not referred to.

DONALD GORDON, Chairman.
Wartime Prices and Trade Board.

THE WARTIME PRICES AND TRADE BOARD

THIS IS THE 12-room house near Langdon which will form the basis for the new Alberta Boys' Town, organized by the Juvenile Readjustment Society.

LANGDON HOME BECOMES BOY'S TOWN

A house which has been known for years to all residents of the Langdon district, and which has been admired by many travellers from the windows of the train, has recently been acquired by the Juvenile Readjustment Society, Inc. to establish a Boy's Town, with the aim of corrective teaching for Alberta's delinquent boys.

The house was built originally by Mr. Cowan almost forty years ago, and has had various owners since that time. The new owners founded in Calgary about nine years ago for the re-establishing rather than punishing boys who have been on the wrong side of the law. Since then the society has raised funds through regular waist drives, dances and so forth in Calgary.

Their Town, consisting of the house and 26 acres of land, will be used to teach the boys many things. Much of the land will be used to grow produce which will be eaten by the members and a machine shop will be set up, and hobby rooms developed.

Boys of from 12 to 18 may be handled by the Town, on decision of local magistrates, and their period of tenure will also be in the hands of the magistrate. If it is felt at the end of that time that a short additional period would be of help to the lad, this may be arranged with the consent of all concerned.

At least sixteen boys can be accommodated in the spacious house, with lockers, and lots of room, and more can be established in some of the farm buildings. A qualified director and a matron or two will head the operations and supervise the Town.

Many residents of Langdon are quite in favour of the project, and offers of assistance have been received from many.

Spare articles can be exchanged for spare cash with a Standard want ad.

"This detour used to worry me before I had my motor tuned up at BALDWIN'S"

Good News for Farmers
**FLAX WILL
BRING YOU
\$5.00 per BUSHEL**

The Honorable James G. Gardiner announced March 17th that, effective August 1st, the price for 1947 flax crop will be \$5.00 per bushel, basis No. 1 C.W. Fort William. Flax is now Canada's most profitable crop.

Not only Canada, but the whole world needs edible and commercial flax and oils. The flax you will grow supplies linseed oil for paint, linoleum, printers' ink, rubber, metal castings . . . shortening, even livestock feed. Plan to grow maximum acreage in flax this year and every year. Special reclaimed flax seed is now available to help you get started. Write to the Alberta Linseed Oil Company Limited, Medicine Hat, Alberta.

DESIRE TO SERVE - PLUS ABILITY

For Really Tender Vegetables

Any vegetable taken out of the garden at the door will be infinitely tastier than those out of a can or from the store but, as any experienced gardener knows, there is a vast difference between those properly grown and the other kind. The real secret of tender vegetables is quick, unchecked growth. To get this means planting at the proper time, not too early with tender things that frost or cold weather may check, and they must be harvested when just right. Old gardeners push growth along quickly with plenty of cultivation, fertilizer, and water when necessary and if possible. They also spread sowings out over at least sev-

eral weeks so that young stuff is coming along continuously. Another trick they use is to plant several different types - an early maturing sort, a medium and a late. In the seed catalogue usually will be listed the number of days to maturity. Thus we can purchase, say, peas that will be ready for the table in fifty days, some in sixty and some in seventy. By using some of all three there will be a succession of good crops instead of a regular feast followed by a famine. Most experienced gardeners continue making sowings of carrots, beets, beans, lettuce and spinach from the time the ground is first ready up to mid-July.

SUTERMEISTER INDUSTRIES GLEICHEN - ALBERTA

To all my friends it has been my privilege to serve during the past 21 years, I wish to announce that Mr. Walter Pettit has taken over the interests in the above firm. I want to thank you all for your patronage and loyalty which I sincerely hope you will extend to my successor.

The business will be carried on under the name of
WALTER PETTIT INDUSTRIES
Gleichen, Alberta

Sincerely

W. SUTERMEISTER.

ARDENODE

— By Mrs. H. S. —

Mr. and Mrs. G. H. Godfrey entertained Sunday for Mr. and Mrs. Roy Godfrey of Strathmore, also Mr. and Mrs. E. Olson, Mr. and Mrs. Joe Bazant called in later in the evening.

Mr. and Mrs. H. Andrews spent a jolly evening Sunday when about twenty five guests called in to wish Howard "many happy returns". A very happy evening was had by all those who helped to make it so.

Our deepest sympathy is extended to Mrs. D. S. Brook in the passing of her father, Mr. R. J. Kearns, who passed away Sunday at his home here.

We are glad to learn Mr. D. S. Brook is making satisfactory progress after the operation on his thumb, in the Holy Cross Hospital.

Mr. L. M. Wise celebrated an anniversary Thursday last. Friends and neighbors called on him and wished him many more happy years to come.

Local News Items

Mr. and Mrs. L. F. Maggs left on Wednesday for a month's holiday on the West Coast. They will drive out through the mountains, and visit Portland and Victoria.

Replacing Mr. Maggs at the Royal Bank for a month is Mr. H. S. Armstrong of Lacombe. Mr. Armstrong arrived on Monday to take over.

Mrs. Alice Mott left early this week for Saskatoon, where she was called owing to the serious illness of her sister. She was accompanied by Eloise.

Tommy Chamberlain had the misfortune of running quite a fair sized splinter into the flesh near his eye recently at Nordegg. He was taken to the hospital at Inisfail where it was removed. Painful, but not too serious.

Miss Gladys Hutchings will attend the nurses convention at Edmonton during part of the Easter holidays.

Mr. Doug Brooks was taken to hospital in Calgary again last weekend, for grafting operations for his thumb. At present Doug is all tied up in a cast and splints, and quite uncomfortable.

Miss Jean Backs will leave Saturday to spend the Easter weekend at home at Bottrell with her parents.

Miss Percy Siljeie is planning on spending the long holiday with her family at Drumheller.

The Alberta Teachers' Convention will meet in Edmonton commencing Monday next. Mrs. Alice Polley will represent the Strathmore School.

Miss Joan Wilson will spend the Easter weekend in Strathmore, a guest at Mrs. Garrett's home.

Mr. and Mrs. Larry Siegel moved on Tuesday to Pincher Creek where Larry has taken a position as manager of the Locker Plant. He was with the local locker company for two years.

Mrs. S. L. Mott and a sister from Lethbridge left Saturday night for Saskatoon, called there by the quite serious illness of her sister, Miss Balde. As yet word coming through is not too hopeful.

Mrs. Julian is expecting Mr. and Mrs. Carl Miskinmose from Seattle to spend the Easter weekend.

Mr. Gay Holison has had to leave his job in Lethbridge, owing to sickness, and will be treated in hospital in Calgary in Calgary for some time. He and Mrs. Robison will return home to Strathmore when he is on the mend. Mr. and Mrs. Chris Christensen have returned home after a two month holiday spent in the States, centring around Portland and Eugene. In Eugene Mr. Christensen enjoyed a reunion of old classmates of some thirty-eight years ago.

Mr. Jimmy Brown has secured employment with the Crown Lumber Company at Nanton, and he and Mrs. Brown have moved down to their new home. Friends here are sorry to lose them, but will all wish Jimmy well in his new venture.

The new telephone books are being distributed throughout the area these days. In addition, new phones are being hooked on as soon as equipment is available, and traffic is heavier than it was even in the peak year of 1928, according to the local manager. Additional service will be provided by employing two operators on the board for five hours a day, through three days of the week.

Mr. and Mrs. M. Broadbent have moved to Barrons for some time, since Mr. Broadbent has secured employment there.

Cpl. Mott left by train Friday for Saskatoon, to be present at the funeral of his wife's sister, Miss M. Balde.

Continued from Page One

LANGDON

Moe: Ladies Consolation — Mrs. V. C. Scott; Gents High — Mr. J. Vanderburg; Gents Second — Mr. Heckle; Gents Consolation — Mr. H. Jessey.

A delicious lunch was served by the hostess bringing an enjoyable evening to a close.

At the last meeting of the W. I. held in the hall on Wednesday, March 26, there were 29 members present. Mrs. F. Thomas, acting president for the day opened the meeting.

A busy afternoon was attended to, and several blocks for the quilt were turned in. Mrs. Ed Wenstrom (delegate) to the W. I. Conference, held in Calgary recently, read a very interesting and detailed report. Those of us who were unable to attend the Conference enjoyed hearing this, and a vote of thanks was extended to Mrs. Wenstrom.

The roll call was an Irish Joke, but it seemed difficult to find any "Pat and Mike," however the jokes caused a good deal of laughter, and were answered by many. During the afternoon Mrs. Henry Mekkelsen joined the ranks, adding another member to our list. A tasty lunch was served by the hostesses, Mrs. J. J. Colwell and Mrs. J. Nicholson.

The Ladies Aid held their meeting on Friday afternoon, in the hall, Mrs. E. Winstrom in the chair. Rev. Hunt was present. Mrs. W. Alcock, Secretary-treasurer of the Aid, having resigned her place, was filled by Mrs. W. Courtney, who was elected during the afternoon. Final plans were made for the Easter tea and Bazaar to be held in the hall on Wednesday afternoon, April 9, from 3 to 5.

Saturday evening, Misses Ruth Lowe, and Len Heckle, Mr. N. Larson, and Mr. C. Moore were supper guests of Mr. and Mrs. Fred Dain.

Mrs. Sally Dain was hostess to several of her friends on Sunday for dinner, when her guests were: Mr. and Mrs. W. D. Braden, Mrs. Jesse Harry and Leon, Mrs. D. Kernaghan (Sr.) and Mr. J. Anderson.

On Thursday evening Mr. and Mrs. Fred Dain entertained at four tables of 500. The lucky winners of the evening were: Ladies First — Mrs. D. Kernaghan; Ladies Second — Mrs. A. Warrack; Mens first — Mr. G. Newton; Mens Second — Mr. C.

FAIRPLAY

by Mrs. E. L. A.

Mrs. E. C. Snider came home last week. We are glad to report that her health is steadily improving.

Ruth Lowe is spending a couple of weeks at the home of her parents, Mr. and Mrs. E. Lowe.

An interesting evening of cards was enjoyed on Thursday evening when Mr. and Mrs. F. Dain entertained. High scores were won by Mrs. Kernaghan and Mr. Newton, second prizes going to Mrs. A. Warrack and Dave Kernaghan.

Miss Mavis Anderson arrived from Regina on Saturday to spend the weekend with her parents, Mr. and Mrs. Carl Anderson.

Mrs. S. Dain spent several days in Calgary last week receiving medical attention.

Mr. and Mrs. D. W. Fraser had as their guest over the week end the latter's nephew from Youngstown.

Mr. and Mrs. W. R. Silkstons were home for the weekend.

Sunday guests at the C. Dumbleton home included Mr. and Mrs. A. Bishop, Mr. and Mrs. Mikkelsen and Mr. and Mrs. J. Brander.

Road Conditions in the district vary, some are drying up nicely while others will be impassable for weeks.

Mr. and Mrs. Fred Dain entertained a number of guests at dinner on Sunday last.

Standard want ads have no holiday. They get results anytime.

Dumbleton. Lunch was served by the hostess, bringing another happy evening to a close.

Mr. and Mrs. W. D. Braden spent a few days at Carbon, visiting friends. Mrs. G. Buntain is able to be out

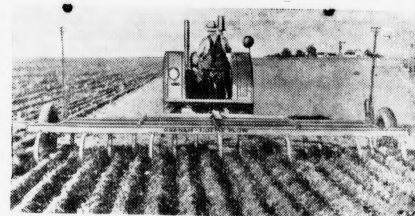

again after her recent fall.

We are glad to report that Mrs. Ed Snider is home and steadily improving each day. Best wishes.

Easter Sunday Service at Langdon will be, Morning 11:30
